Delaware Technical Community College

COMPUTER SCIENCE

Newark, DE

August 2016 – May 2019

Work Experience

J.P. Morgan Chase

SOFTWARE ENGINEER INTERN

Wilmington, DE

January 2020 – July 2020

- Used the Angular framework to design and improve the UI and UX of a legacy loan tracking application.
- Implemented a REST API using C# and .NET to retrieve loan data from an extensive database.
- Successfully migrated application to the cloud by moving from the legacy .NET framework to .NET Core, reducing costs and enhancing security.
- Collaborated in an Agile development environment using Jira and utilized strong problem-solving skills when facing challenges and working with unfamiliar software, which led to the delivery of completed features in a timely manner.
- Helped team adapt to different environments while maintaining productivity and communication when working from home.

Skills
